Introducing the new

Eaton Girls Boarding School

*A UK Project of Muslim Charity Helping the Needy
Part of Muslim Charity's Worldwide Education and Care Initiative*

In response to the need of the British Muslim community, Muslim Charity has launched the Eaton Girls Boarding School project - an independent boarding school for girls providing secondary and post-secondary education. The new initiative will provide a high standard education in a caring Islamic environment. Planning permission has been granted and construction work has commenced.

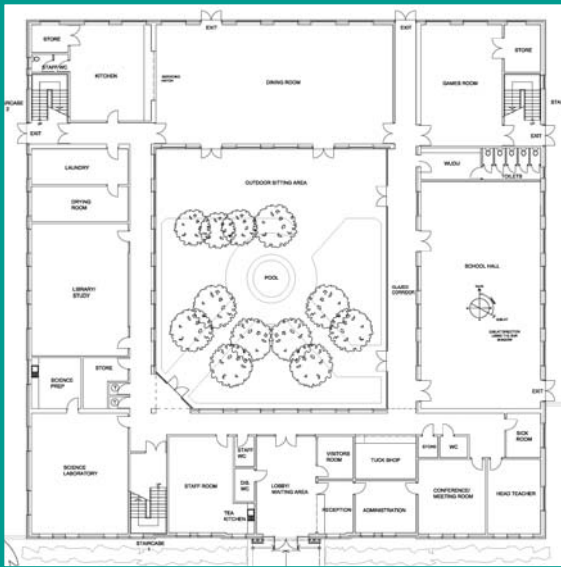

The approved 7-acre site for the new school is situated at the heart of the country in the beautiful North Nottinghamshire countryside at Eaton near the town of Retford.

The project now urgently requires your support for it to materialise so that the needs of the British Muslim community can be further fulfilled. Please donate generously.

Ground Floor Plan

First Floor Plan

project features

The school will provide secondary education beginning from the age of 11 years. Post-16 education will also be provided following GCSE examinations.

The new construction will entail a state of the art new campus with full academic and boarding facilities, as well as extensive lawns and playing fields and grounds. Boarding set up of bedrooms for two student per room, avoiding large dormitories and enhancing privacy and personal space.

The school will follow a focussed education and nurturing programme both academically as well as spiritually.

Set in 7-acres of beautiful natural landscape off the A1 between Newark and Doncaster, hence it is accessible to all and is a direct train journey of 1 hr 40 minutes from London's Kings Cross.

A dedicated and experienced team to lead and maintain this project is assigned.

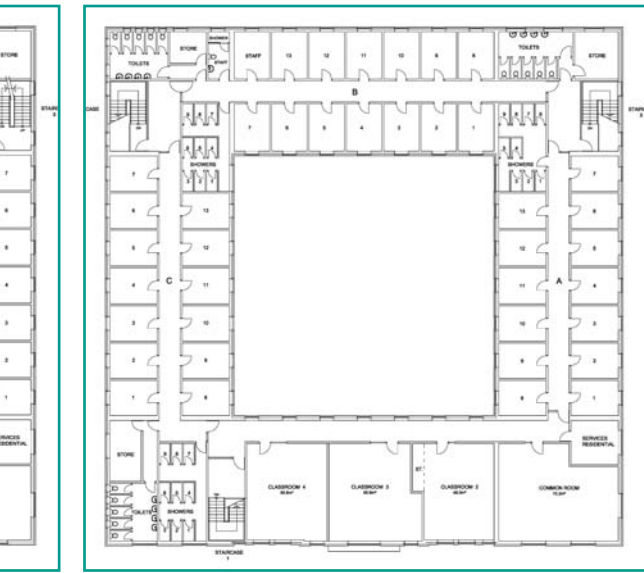

project status

The design and architectural phase for the new school was completed in partnership with Catalyst Regeneration Ltd.

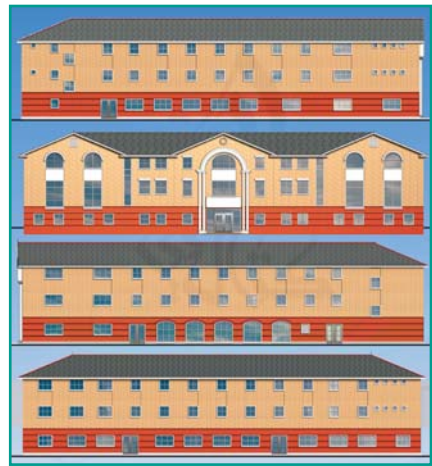

The new school has been granted planning permission by the local Bassetlaw District Council.

Initial preparations prior to construction have been completed and some underway including site surveys, site preparation, demolition of existing derelict buildings, site clearance, etc.

Construction now ready to commence and is scheduled for July 2010.
